# Certificate Pricing

The following outlines the pricing for device, AAA and code verification certificates as of January 1, 2025. Prices are per certificate in USD.

## Annual Account Fees

The annual account fee is charged for each certificate requesting account (CRA), which is associated with a given specification. For example, if you request certificates for D3.0 and D3.1, you will have two CRAs and would pay for two accounts on an annual basis. These fees are used to maintain your account on the third-party platforms such as Sectigo or DigiCert as well as the overall maintenance of the PKI program itself.

	CableLabs	Notes
<b>Annual Account Fee</b>	\$16,000	
<b>Annual Account Fee (Limited Volume)</b>	\$1000	Limited to issuance of 1000 certs or less each year.
<b>Annual Account Fee (OpenCable)</b>	\$500	Only available for OpenCable renewals.

## Device Certificates

Minimum order quantity is 10,000 certificates (can be spread over multiple accounts). Device certificates are valid for 20 years.
